

# 5 STEPS BEFORE COMING TO NORPOINT SHOOTING CENTER'S RANGE

1. Please make sure all firearms are in a case or holstered so that the trigger is not accessible (If you do not have a case or holster let range staff know. Please **do not** bring in any firearm without a case or holster).
2. Please have all magazines and firearms unloaded, ammunition should be separate from firearms (excluding personal carry).
3. When checking your ammunition with range staff **do not handle or unholster any firearm** unless prompted to do so by range staff.
4. Make sure to only bring approved ammunition. Not approved ammunition includes:
  - a. Armor piercing, high explosive, non-copper jacketed lead bullets
  - b. Steel shot, steel core/steel jacket, bb's, incendiary, tracers, or black powder
5. If bringing your own targets, please make sure they are at least 18" wide by 20" high in size
